

## MTDA Governing Board

### Dennis Parman (Chair)

- ♦ Deputy Superintendent of Public Instruction

### Clayton Christian

- ♦ Commissioner of Higher Education

### Roberta Evans

- ♦ Dean UM Phyllis J. Washington College of Education and Human Sciences

### Bryan Duvall

- ♦ Trustee, Geraldine School Board

### Joel Graves

- ♦ Principal, Lincoln County High School

### Anthony Lapke

- ♦ Mathematics teacher, Glacier High School

## MTDA offers a Middle School Language Sampler!

*Middle school students can take a 7 week workshop in the Fall or Spring in the following languages:*

French  
German  
Spanish  
Chinese  
Latin

*Contact your local school to enroll!*

## What is Montana Digital Academy?

MTDA is specifically designed to provide unique educational opportunities to Montana students and schools.

**Would you like to take a course that may not be available at your local school?** MTDA offers original credit core and elective courses.

**Need to make up a core class?** You can take a credit recovery course. MTDA offers a full range of core academic credit recovery courses.

**Would you like to take an AP® class?** For students looking for a new challenge, MTDA offers **AP® classes**.

MTDA puts no limits on learning. Students can access coursework whenever and wherever they want, **eliminating course conflicts while helping many students to graduate on time.**

**Our school year is uninterrupted, running through fall, winter, spring and summer.**

We have the flexibility to accommodate home-schooled children as well, as long as they register for MTDA courses at their local public school.

***In short, we're breaking down the barriers to make learning as easy as possible.***

For a complete listing of courses offered by MTDA or for other information go to:

[www.montanadigitalacademy.org](http://www.montanadigitalacademy.org)

*We encourage you to take a look at other MTDA Projects*

EdReady Montana is a math readiness assessment tool that provides individualized help to each student.

***"What do I want my students to be ready for?"***

[edreadymontana.org](http://edreadymontana.org)

EdReady Montana is a Project of Montana Digital Academy at the University of Montana

The **MDPLN** brings the Montana Common Core Standards (MCCS) to the fingertips of teachers across Montana. Supported by a grant from the AFT Innovation Fund, **MDPLN** is working to meet the online professional development needs of Montana's educators.

## MTDA's Partnership with...

The Montana Digital Academy and the University of Montana have established a unique, one of a kind partnership, among the 29 statewide online schools across the United States. MTDA is the only state online program that is a part of a College of Education at a major research university. The Montana legislature created MTDA in 2009 in Statute 20-7-1201 and located it at the University of Montana.

# EdReady

## MONTANA

## What is EdReady?

**EdReady Montana is a math readiness tool...**

## What do I want my students to be ready for?

**EdReady Montana is not....**

- A stand-alone online course.

**EdReady Montana is...**

- A free, online, customized math readiness and individualized learning path tool based upon school need.
- Offered, managed, and supported state-wide by MTDA.
- Facilitated locally by school personnel.
- *Aimed at math (and later English 2015) readiness.*
- *Uses NROC's Dev Math as a base: (19 Units/59 Topics)*
- Customized Higher Ed and K12 Assessments.
- Reporting and tracking for schools.

## How to get started?

Interested schools can work with Montana Digital Academy (MTDA) by contacting Ryan Schrenk, EdReady Montana Program Manager, at [ryan.schrenk@montanadigitalacademy.org](mailto:ryan.schrenk@montanadigitalacademy.org) or Bob Currie, MTDA Executive Director at [robert.currie@montanadigitalacademy.org](mailto:robert.currie@montanadigitalacademy.org). (406) 203-1812.

<http://edreadymontana.org>

## Who can use EdReady?

*EdReady Montana removes barriers to success for Montana students:*

### **For students and families:**

How much more math do you need for the major you want to pursue? EdReady Montana is an option your school or teacher can use with you for your junior/senior year(s) to help you achieve that goal. You can even study over the summer!

**For teachers:** What do my algebra students who have come from various pre-algebra classrooms already know--what are the gaps and where should I focus my time, collectively and individually?

**For teachers:** Formative assessment...how is my math class faring halfway through the year, and are we on target to achieve my/their goals?

**For schools:** Into which math class should you place a transfer student from out-of-state?

**For senior math teachers, counselors, and principals:** If a student wants to major in something at a college or university, they can use EdReady Montana to refresh their pre-calc skills for a math placement test and can do so sitting on their couch with their laptop over the summer with several hours of EdReady work (at no cost to the student).

*EdReady Montana is supported through a generous gift donated by the Dennis & Phyllis Washington Foundation*

## Step 1: Get Started

**EdReady** Powered by NROC

Dashboard

### What do you want to be ready for?

EdReady will help you prepare for college and career goals.

**Your goals** **All goals**

**Washington MS 7th Grade Readiness Demo**

## Step 2: Custom Assessments

**EdReady** Powered by NROC

Assessments

### Pre Algebra Readiness

Complete the initial assessment then start studying in EdReady.

**64**

**Pre Algebra Readiness** Grades 6-8 Math

Units you should study:

- Decimals
- Ratios, Rates, and Proportions
- Percent
- Measurement
- Real Numbers
- Solving Equations and Inequalities

Units you have mastered:

- Whole Numbers
- Adding and Subtracting

**NEEDS REVIEW** **NOT READY** **MASTERED**

[Go to study plan](#)

## Step 3: Detailed Personalized Study Plan

Assessments **Pre Algebra Readiness Demo Study Plan**

**30** **90**

**Whole Numbers**  
Recommended study time: 6 hours  
**NOT READY**

**Place Value and Names for Whole Numbers**  
Recommended study time: 30 minutes  
**NEEDS REVIEW**

**Rounding Whole Numbers**  
Recommended study time: 30 minutes  
**NOT READY**

[Study unit](#)

[Check your knowledge](#) [View Resources](#)

## Step 4: Reports & Tracking

**EdReady** Powered by NROC

**Pre Algebra Readiness**

**Overview** **Score Distribution**

Students who completed the assessment: **28** Students who have mastered the skills: **28** **100%**

Median score: **35** Mean score: **61**

Score Distribution: **35** **61**

Unit Breakdown by Mastery

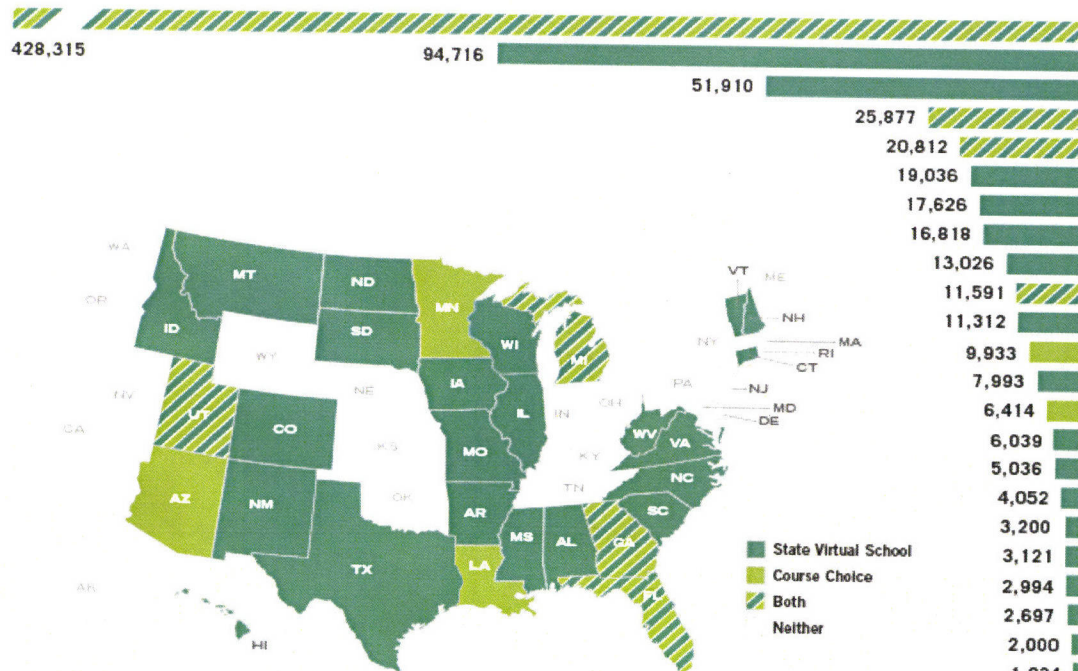

**Mastered** **Needs Review** **Not Ready**

<sup>1</sup> GA, All Course Choice enrollments are through GAVS.

<sup>2</sup> LA, Louisiana Virtual School evolved into the Course Choice program; it no longer offers courses as of SY 2013-14.

<sup>3</sup> AR, Arkansas Virtual High School relaunched as Virtual Arkansas.

<sup>4</sup> CT, SVS closed after SY 2012-13.

<sup>5</sup> AZ, Data not available.

\* Source for HS population: <http://nces.ed.gov/ipeds/data/ipedsdatacenter/ipedsdatacenter.asp>. The state supplemental options factor calculates the number of course enrollments, divided by the state's high school student population, multiplied by 100. This allows for a quick comparison between states of different sizes.
